

Ref: **PLANCHA/3-N**  
**Plancha Line**  
**Smooth gas cooking surface**

*Your professional partner*

Brand : **DIAMOND**

- Stainless steel burners (3x 2.9 kW).
- Working dimensions 755x400 mm, 32 dm<sup>2</sup>.
- . Smooth polished steel plate (15mm), high heat conductivity, protective barrier welded, which assures no leakages.
- . Stainless steel chassis, adjustable feet.
- . Gas version: titanium coated stainless steel burner, gas regulation by tap, individual lighter per burner.
- . Knobs in insulating material.
- . Drip trays.
- . Machine made according to all CE regulations in force.

**ADVANTAGE :**

- Chromed coated surface "50 µ", evenly distribution of heat (metallic chrome according to ROHS) and not "hexavalent chrome" which is very harmful!
- Gas regulation by thermostatic tap that ensures a maximum working temperature of 300°C (No chrome deterioration, perfect cleanliness, no intoxication hazard).
